About IOD

Established in India in 1990, the Institute of Directors (IOD), is a national association of Corporate Directors, registered under the Societies Registration Act, XXI of 1860. It has been instrumental in shaping a cadre of business leaders equipped to navigate the complexities of our economic landscape. Through its various educational programs, training initiatives, events, and advocacy for best practices, IOD contributes significantly to the development of a leadership cohort that understands the symbiotic relationship between responsible governance and economic prosperity.

Currently, IOD is associated with around 30,000 senior executives from Government, Public and the Private sectors of India and abroad.

The Institute of Directors (IOD) in India having its headquarter at New Delhi, as well as regional offices in major cities such as Mumbai, Bengaluru, Hyderabad, and Chennai, reflect the IOD's commitment to serving its members across different geographical areas, offering more localised services and support to its members while considering the diverse business landscapes and corporate environments in different regions.

Over the last 35 years, IOD has been pioneering a silent revolution within the Boardroom, as India's leading organisation for directors.

IOD's Competency Framework for the Boardroom Community:

1. Membership-based Directors' association and their group representation.
2. Training of Directors, Board Chairs, MDs, CEOs, aspiring Directors and Senior Executives for fostering excellence, upholding high standards of corporate governance, and ensuring periodic updates.
3. Maintaining a comprehensive 'Directors Databank' comprising qualified professionals from diverse backgrounds. These individuals are not only eligible but also willing to serve as Independent Directors on Corporate Boards.
4. Providing robust networking platforms to engage in meaningful discussions, share common experiences, exchange ideas, and address challenges with their peers at various national and international annual conferences, organised in India and abroad.
5. Annual Golden Peacock Awards, to recognise achievements of organisations in 15 different verticals, based on globally recognized competitive criteria and the Golden Peacock Excellence Model. These awards serve as a testament to excellence and honouring organisations that have demonstrated exceptional performance and leadership in their respective fields.
6. Board Research and Advisory services, including boardroom governance, annual board performance reviews, and exploration of industry sentiments through various research and surveys.
7. Publication of a number of corporate handbooks, and periodicals like 'Director Today' to keep directors and the broader boardroom community well-informed and updated.
